**Bible bit**  
Genesis 29-31

God had spoken to Jacob and assured him that the promises he had made to Abraham would come true. He'd also told Jacob that he would always be with him. However, that didn't mean things were going to suddenly become easier for Jacob! His life was certainly still full of difficulties, but God was busy fulfilling the promises he had made and was definitely always with Jacob.

Be encouraged! There might be many times in life when you're confused and not too sure about what's going on. But keep trusting in God, because he knows the big picture; he knows what's going to happen next, and we need to be confident that God will keep his promise to always be with us.

Dingbats can be quite difficult; however, when someone tells you the solution, it's often really obvious. When we're faced with a difficult situation, it can sometimes seem too much for us and often we can barely cope, let alone find a solution. However, in times like these, we need to remember that God is with us, and he knows the solution! He knows how the situation is going to end.
